ANALYSIS

SQL, Python, and dbt across warehouse-scale data. I turn ambiguous business questions into models leadership actually ships decisions on.

COMMUNICATION

Run the weekly metrics review for category leads. I write the narrative first and let the dashboard back it up, not the other way around.

EDUCATION

ISI Kolkata | West Bengal
M.Stat, Statistics

EXPERIENCE

2022 – Present

Senior Data Analyst | Swiggy

2020 – 2022

Data Analyst | Flipkart

2018 – 2020

Analytics Associate | Tredence

Built the retention cohort model that reallocated ₹2.4Cr of annual discount spend, lifting repeat-order rate 11%.
